

THE MEANING OF SPLITTING APART AND DISTINGUISHING SIMILARITIES AND/OR DIFFERENCES.

When I am Contemplating the Sign of Splitting Apart and Still the Same,
Then, **even** when I am **in the nucleus of our similarities**, uniting into one
same person,

- Even when I am at the most important and impressive point of our **identical**
and **unvarying sameness**,
- Metaphorically, even when I am **in the** axis of rotation and **root** of everything
born from the Way of Heaven and Earth;

I am **accurately**, and **precisely**, recognizing and **distinguishing** the **Ways** in
which **people and things are different**.

I am **continuously** and **faithfully** sitting **on a seat within the spirit of human fallibility**;

I am **understanding** that we are all capable of making mistakes;

I am in my proper and natural position when:

- I am **sharing** in **another's feelings**, and
- I am **showing warmth** and **compassion**;

I am remaining **constantly** inside the nucleus and source we share as one,
Same People;

I am choosing this position as the position that is **especially favorable** for
enabling specific actions to occur.

When I am Contemplating the Sign of Splitting Apart and Still the Same, and
When I am **bringing** virtuous and **beneficial qualities** to the existing
conditions of the period;

In some very brief and exact points in time,

I arrive at particular Ways of behaving where **I am separate, distinct, and different from all others**.

When I am preserving myself as the excellent example,

When I am **providing a means for illustrating the principle governing actions**; and

When I am **asserting a circumstance**, problem, or treatment **as a true warning** to others;

Then, **within certain times of truth and reality**,
I am within the one and Same People, and
Nevertheless, since I am unable to Follow, and
Since **I cease to behave in the usual Way**,
I am different:

- **I express separation from**, and
- **I introduce a comparison to**
All others in the one, Same People.

When I am **preserving the fundamental truth** or law **that serves as the basis of reasoning or action**; and

When this preservation means I am separating from all others in the one Same People;

Then, even as the state of **affairs offers favorable opportunities** to start:

- Entering into the gap of the widely diverging views, or
- Becoming a member of a group of people working together in those widely diverging views;

I am holding within myself the fitness, ability, and power to remain separate and distinct from everybody else.

When I am, or **when any person is, taking the usual and established Ways** of behavior **as their guide or Leader**, and

When I am, or when any person is, avoiding or neglecting the capability of being separated and distinct from all others;

Then, I am, or that person is, habitually acting in a Way that:

- Is mistaken, or **in error**, or
- Is **contrary to** law or **morality**.

Metaphorically, when a person is being Led by the established Ways of behaving, **and**

When a person **is also incapable of expressing separation**;

Then, **that person is going along a road in the wrong direction**.
